

Please receive a fraternal and combative greetings from your miner brothers of Section 17 of Taxco, Guerrero, with six years, one month, and 10 days on strike. We also take advantage of the opportunity to tell you that you have all of our support in this negotiation that you are trying to conclude and that we hope that everything ends up in your and your families' favors. We will not permit a mining company like Grupo Mexico to step on our rights and dignity, enough already, comrades! Not one step back. Count on the support of a great union organization like the Mexican Miners' Union, but more than that in the support of our one and only General Secretary and President Napoleón Gómez Urrutia. Today we tell you, brothers and sisters, that the Mexican Miners' Union has resisted more than seven years of aggression from the mining companies, as well as in the past two six-year periods of PAN governments, but we say with pride that we have been able to resist aggressions, many of our enemies are gone and we continue with our heads held high and fighting so that they respect our labor and human rights.

NOT ONE STEP BACK, BROTHERS AND SISTERS. YOU HAVE OUR SUPPORT BECAUSE FIGHTS ARE WON WITH UNITY, NOT SEPARATION.

YOUR FIGHT IS THE FIGHT OF SECTION 17 OF TAXCO, GUERRERO, OF THE MINERS' UNION!

ONWARD TO VICTORY!

FRATERNALLY,  
EVOLUTION AND WORK

Roberto Hernandez Mojica  
Local Secretary General

Esteban Estrada Lara  
Strike Committee President
